

SOUTHERN BUCK EXTREME

Southern Buck Extreme is a blend of Roasted Soybeans and Cleaned Corn. Corn and Roasted Soybeans are two of your deer's favorite foods. Roasted Soybeans are highly palatable and extremely nutritious.

High in nutrient content!

Use as a nutritional supplement for White Tail Deer. This feed is an excellent source of energy & protein for fed deer. Intake may be limited to wild or pen fed deer by applying small portions in several locations. Feed a free choice wildlife mineral supplement for maximum growth potential.

Helps promote strong and healthy deer!
