

**PRODUCT DESCRIPTION:**

28/20 is formulated for puppy’s first full year of growth. This nutrient-rich puppy food formula with chicken and fish protein, combined with a high level of vitamins and minerals, promotes development of bones, teeth and muscles during this rapid stage of growth. Balanced Omega-6 and Omega-3 fatty acids promote healthy skin and beautiful coat. SPORTMiX® Puppy Small Bites supplies your growing, active puppy with 100% complete and balanced nutrition and provides a taste that puppies love. SPORTMiX® Puppy Small Bites is 100% guaranteed for taste and nutrition. SPORTMiX Puppy Small Bites 28/20 is formulated to meet the nutritional levels established by the AAFCO Dog Food Nutrient Profiles for all life stages including the growth of large size dogs (70 lb. or more as an adult).

**FEEDING GUIDELINES:**

Good health begins with proper feeding. SPORTMiX Puppy Small Bites can help maintain your dog’s health when combined with exercise, veterinary care, and controlling intake of other food and treats. Use this chart as a guide, adjusting as necessary to maintain optimal weight. Portions will vary according to age, breed, temperament, and environment. When introducing SPORTMiX Puppy, mix increasing amounts of SPORTMiX Puppy with decreasing amounts of the current food over a 7 to 10 day period. During gestation and lactation, feed 2 to 4 times the portions recommended for the weight of your adult dog. Puppies often begin to eat solid foods at 3 to 4 weeks of age. Food can be served dry or with warm water (3 parts food to 1 part water). Offer clean, fresh water at all times. See your veterinarian regularly.

**INGREDIENTS:**

Chicken By-Product Meal, Wheat, Chicken Fat (Preserved with Mixed Tocopherols), Meat Meal, Corn, Rice Bran, Rice, Corn Gluten Meal, Whitefish Meal, Dried Beet Pulp, Flaxseed, Salt, Potassium Chloride, Choline Chloride, Vitamins (Vitamin E Supplement, Niacin, Calcium pantothenate, Vitamin A Supplement, Riboflavin Supplement, Thiamine mononitrate, Pyridoxine Hydrochloride, Biotin, Vitamin B12 Supplement, Vitamin D3 Supplement, Folic Acid), Minerals (Zinc Sulfate, Ferrous Sulfate, Copper Sulfate, Manganese Sulfate, Zinc Proteinate, Copper Proteinate, Manganese Proteinate, Sodium Selenite, Calcium Iodate, Cobalt Carbonate)].
