Classic Cow-Calf High Mag Mineral

Product number: 75180

Product Information

- Provides essential magnesium to aid in the protection from grass tetany in susceptible cattle
- Delivers 11 g of magnesium per 4 oz of product consumed
- Reduced waste due to addition of RainBloc for increased resistance to moisture
- Delivers 150% of NRC recommended trace minerals at an average 4 ounce intake
- No additional sources of salt or minerals required or recommended
- Easily interchanged with other related SWEETLIX supplement products to create a custom nutritional program for your cattle

Feeding Instructions

SWEETLIX® Classic Cow-Calf High Mag Mineral is a mineral scientifically formulated to be self-fed. SWEETLIX® Classic Cow-Calf High Mag Mineral helps your animals attain maximum performance by providing a balanced intake of supplemental minerals and vitamins.

Feed at the rate of 2 to 4 ounces per head per day. Provide one covered mineral feeder for every 20 to 30 animals. Locate each mineral feeder near a clean, fresh source of water. Mineral consumption levels will vary depending upon the mineral status of the animals. Provide fresh, clean water to all animals at all times.

CAUTION: Use as directed. Consumption of selenium should not exceed 3 mg per head per day.

WARNING: This product, which contains added copper, should not be fed to sheep or any species that have a low tolerance to supplemental copper.
